

Kyriba for Banks

Advanced white-label treasury, connectivity, and working capital solutions for corporate banking and transaction banking partners to deliver technology leadership

Kyriba empowers banks to deliver next-generation, scalable white-label treasury, connectivity, and working capital solutions—enabling rapid expansion of your corporate banking portfolio and embedded banking experience. Our secure, modular platform centralizes cash visibility, automates workflows, and provides actionable insights so your clients can optimize their liquidity performance and accelerate growth—all under your brand.

Why Banks Choose Kyriba

- Instantly expand white-labeled treasury services to meet evolving corporate client demands.
- Solve integration, client onboarding, compliance, and risk challenges with pre-built, modular solutions, advanced APIs, and other connectivity options.
- Experience 90% reduction in integration time, 93% boost in forecast accuracy, and enhanced client retention.
- Deliver continuous innovation in AI, automation, and digital treasury—ensuring complete data sovereignty and regulatory compliance.

What Sets Us Apart

- Unmatched connectivity with 9,900+ banks, 10,000+ ERP instances, and 50+ pre-built treasury modules.
- 3 billion bank transactions and \$15 trillion in payments processed across the globe annually.
- Industry's only Trusted AI architecture with embedded LLM technology and Agentic AI (TAI) for treasury analysis, scenario modeling, customer onboarding, and user support.
- White-labeled working capital solutions (Receivables Finance, Dynamic Discounting, Payables Finance) drive new revenue and client loyalty.
