KEY BENEFITS

Kyriba empowers government agencies to optimize cash and liquidity, reduce operational risk and support budget saving initiatives. Benefits include:

100% Cash Visibility

Kyriba delivers automated bank reporting across all bank accounts, driving 100% cash visibility and enabling transparency of bank data into your ERP system.

Cash Forecasting

Kyriba enables more sophisticated cash forecasting, while simplifying the aggregation of forecast data across systems and agencies. Kyriba also provides detailed forecast variance analysis and forecasting business intelligence, ensuring that forecasts are accurate and can be confidently relied upon to improve investment returns.

“ We saw massive attempts of attempted fraud – organizations trying to sell items they didn’t have. Technology is extremely critical in this environment. “

- Bruno Fernandes, Deputy CFO & Treasurer, Government of District of Columbia

Centralized Payments Hub

Kyriba’s payment hub centralizes and standardizes payment workflows, while adding key capabilities such as sanctions list screening and real-time fraud detection. Additionally, Kyriba’s connectivity-as-a-service minimizes the internal IT footprint required for bank connectivity, offering bank independence, scalability and significant cost reduction, and full ERP integration.

Debt, Investment & Bank Relationship Management

Kyriba offers additional solutions to help government agencies manage its debt and investments, bank account management signatories, and enable hard dollar savings through bank fee analysis. These ancillary solutions help protect your cash and create automated and efficient treasury practices.

FINANCIAL FRAUD AND CYBERSECURITY IN 2021

A recent study uncovered that the #1 Priority in 2021 for CIOs at the State, County, and City level is **Cybersecurity**, yet 70% of CIOs do not have a comprehensive strategy in place, oftentimes due to budget concerns. Last year, government agencies lost hundreds of millions of dollars due to unprotected financial fraud. **Ensure you are protected.**

Kyriba offers an easy-to-implement fraud detection solution that ensures all payments go through thorough screening prior to bank submission. Cybercriminals are actively targeting government agencies with a 300% increase in attacks. Without an automated system in place that performs rigorous checks, money is being lost. We are here to help.
