## PURPOSE AND SCOPE

This Code of Business Conduct (“Code”) is a fundamental set of rules outlining our expectations for how we conduct our business with the highest integrity and ethics. Complying with our Code is a condition of employment at Kyriba. The Code applies to all personnel employed by or engaged to provide services to Kyriba, regardless of level or position, including, but not limited to, Kyriba’s employees, officers, contingent workers (including agency workers), and independent contractors. References to “we”, in the Code include each of us as employees of the Company. The Code does not cover every issue that may arise, but it sets out basic principles to guide all employees of Kyriba Corp. and its affiliates and subsidiaries (collectively, “Kyriba” or the “Company”) to act ethically and with integrity.

All of our employees must conduct themselves in accordance with our Code, policies, and the law and seek to avoid even the appearance of improper behavior. This Code should also be provided to and followed by the Company’s agents and representatives. The basic principles discussed in this Code are subject to any Company policies covering the same issues.

If a law conflicts with anything in this Code, you must comply with the law. If a local custom or policy conflicts with this Code, you must comply with this Code. In those instances where Kyriba’s code is stricter than the local law, you must comply with this Code. Employees are responsible for understanding the legal and policy requirements that apply to their jobs and reporting any suspected violations of law, this Code or any Company policy. Where the law or policy is unclear ask for help by reaching out to your manager or the Legal Compliance department at [compliance.legal@kyriba.com](mailto:compliance.legal@kyriba.com). You may also utilize [Kyriba's Ethics Hotline](#).

## KYRIBA'S ETHICS HOTLINE

Kyriba provides multiple resources for reporting allegations of misconduct, which Kyriba will review and investigate accordingly. Where necessary, Kyriba will implement disciplinary actions or other remedies. If you wish to remain anonymous or feel uncomfortable reporting a concern to your manager, Kyriba Human Resources, a member of the Legal Compliance team, or feel that your concern has not been addressed properly, you should report it via [Kyriba's Ethics Hotline](#).

Kyriba uses an independent third party that specializes in Hotline reporting to manage the reporting via [Kyriba's Ethics Hotline](#). The third-party service provider operates the Kyriba Ethics Hotline and allows for a report to be made online or by telephone. The third party's call specialists document reports made via the toll-free telephone numbers and transmit the reports to the legal Compliance by emailing [compliance.legal@kyriba.com](mailto:compliance.legal@kyriba.com), who is responsible for ensuring that all reports are appropriately addressed. The Kyriba Ethics Hotline is available globally 24 hours a day, 7 days a week via toll-free telephone numbers<sup>1</sup>. If you report a concern or violation, you are encouraged to provide accurate and complete information to permit a thorough investigation or response. Omissions or errors in the initial data reported (who/what/when/where) may cause a delay in the case intake process that may ultimately delay or negatively impact the case assignment and/or investigation process. Reports made through Kyriba's Ethics Hotline can be made anonymously.

You should only report concerns or suspected violations if you are doing so in good faith. Abuse of the Kyriba Ethics Hotline or another reporting process to intentionally harass someone or to knowingly file false information will not be tolerated.

## REPORTING A CONCERN AND OBTAINING GUIDANCE

We each have an individual responsibility to live up to the highest ethical standards of business conduct. To continue to meet this high standard, Kyriba needs to understand whether problems exist with our personnel, business, or operations so that we can resolve issues promptly, take corrective action, and make necessary improvements.

As a Kyriba employee, you are expected to promptly report any misconduct that you believe in good faith may be a potential or actual violation of this Code, an ethical breach, or any other activities indicating a lack of compliance with Kyriba's legal or ethical obligations. Reports can be made through [Kyriba's Ethics Hotline](#). Employees may also talk to supervisors, managers, Human Resources, Legal, Compliance, or other appropriate personnel for questions or concerns regarding this Code or Company Policies. Employees are also required and to cooperate in internal investigations of misconduct.

---

<sup>1</sup> Global Hotline access numbers are attached as an appendix to this Code. Due to local privacy laws in certain countries and the European Union region, you may only report specific types of incidents, such as

accounting, financial, auditing and bribery matters. In those countries, contact your Human Resources manager to report other issues.

## Non-Retaliation

Kyriba strictly prohibits retaliation against any employee for reporting or inquiring in good faith about what may be a wrongful or unlawful activity, or for participating in the investigation of a suspected violation. An employee who retaliates against any person who has reported a violation or alleged violation in good faith may be subject to discipline, including termination of employment. If you believe that you are facing retaliation you should report it using Kyriba's Ethics Hotline or by notifying the Legal Compliance at [compliance.legal@kyriba.com](mailto:compliance.legal@kyriba.com).

## Managers and Supervisors Responsibilities

Kyriba managers and supervisors have a special duty to foster a culture of integrity and compliance and are expected to exemplify the highest standards of ethical business conduct. No business concern or opportunity should come before following this Code and showing respect to each other, clients, third parties and the community. Manager and Supervisor responsibilities and obligations include but are not limited to the following:

- Serve as role models for integrity and compliance in all of their interactions.
- Assist their direct reports in understanding this Code, applicable laws and Company policies.
- Cultivate an environment where employees feel comfortable raising questions and concerns without fear of retaliation.
- When ethical questions or concerns are raised to them, take appropriate action in a professional and timely manner and report matters to the Legal Compliance Department at [compliance.legal@kyriba.com](mailto:compliance.legal@kyriba.com).
- Never punish those who raise, or report concerns in good faith.

Managers and supervisors should also focus on building a culture of integrity and compliance through their hiring and promotion decisions. Ethical character and behavior should be a key consideration in hiring and promotion decisions. Promotions are a privilege that are only extended to those who exemplify Kyriba behaviors and values in a manner consistent with this Code.

## Investigations

When issues or concerns are reported, the Company determines when an investigation is appropriate. All complaints, whether or not reported anonymously, will be handled in a confidential manner, with disclosure limited to conduct a full investigation of the alleged violation, to carry out appropriate disciplinary or corrective actions, or to meet legal requirements. Employees are responsible for cooperating fully with all investigations and providing truthful information. Whether you identify yourself or choose to remain anonymous, each inquiry is treated in a confidential manner, and a closed-loop process ensures the appropriate managers, and the complainant are informed of the outcome of the investigation process to the extent possible. Reporting suspected violations of our policies, this Code or other processes benefits the Company and elevates the expected behavior of all employees.

“Kyriba is committed to being a world-class company that enjoys the trust and confidence of hundreds of entities and individuals around the globe”

### Trade Sanctions/Export Compliance

- US trade compliance laws and regulations govern all exports and imports of commodities and technical data into and from the United States, including software media, electronic and physical distribution of software, and oral disclosure of technical data, among other things. Failure to comply with US or global trade laws may result in disciplinary action for the company, serious supply chain disruptions, loss of sale and service opportunities, monetary penalties, fines and imprisonment for individual employees and their management chain, and the potential revocation of our trade privileges. As a globally minded company, Kyriba is committed to complying with all applicable global export, import, and economic sanctions, laws, and regulations. Compliance with global trade laws and regulations protects Kyriba's ability to conduct international business. Protecting Kyriba against such violations is the responsibility of all Company personnel, and, in particular, those who deal with Kyriba's international business activities.

No employee or officer should take unfair advantage of anyone through manipulation, concealment, abuse of privileged information, misrepresentation of material facts, or any other illegal trade practice. We do not make formal or informal agreements with our competitors on bids, contracts or pricing, such as price fixing, bid rigging, allocation of markets or customers, or similar illegal anti-competitive activities. For additional guidance please reference [Kyriba's Antitrust and Competitive Intelligence Policy](#).
- We may make appropriate observations about competitors' products and activities when basing them on publicly available information, such as public presentations and marketing documents, journal and magazine articles, advertisements, and other published information.
